3M Aura 9320+GEN3 Flat-Fold Particulate Respirator

The third generation of the best-selling 3M Aura disposable respirator, featuring the original 3-panel, flat-fold design. Our disposable respirator is made using 3M Advanced Electret (filter) Media (AEM), a high-performance material that's been engineered for easy, unrestricted breathing. The 3M Safe Guard Product Authentication Process gives you the confidence to know the product you're wearing is a genuine, 3M-manufactured product.

- Original 3-panel, flat-fold design fits a wide range of face shapes and sizes
- Innovative tabs on the upper and lower panels simplify positioning and adjustment
- Braided headbands are colour-coded (blue for FFP2) for quick and easy identification
- Sculpted upper panel conforms to the nose and contours of the face for an effective seal
- Embossed upper panel reduces eyewear fogging
- Easy to store away with flat-fold design and individual wrapping
- FFP2 (APF 10) breathing protection against hazardous work environments
