

EAR ULTRAFIT 14 UF01015

Product Code

3MUF01015

Low attenuation reusable earplug made from silicone rubber. The 3M E-A-R Ultrafit 14 earplug uses unique filter technology to take the edge off low levels of harmful noise whilst allowing normal conversations or listening to broadcast music. It is moisture resistant, reusable and comes with a cord.

Attenuation: SNR=14dB, H=19dB, M=11dB, L=6dB
