Our range of Body Fluid Spill kits and Sharps handling kits are designed to enable any worker to deal with the problems of body fluids such as blood and vomit and the problem of discarded needles and syringes. These kits are easy to use and address all the issues that are caused by cross contamination and infections caused by Bio Hazards.

The HSE guidance on 'Blood - borne viruses in the workplace' (leaflet INDG342) and there is a provision under COSHH that employers have a legal duty to assess the risk of cross infection for employees and others affected by your work.

Carrying a Click Medical spill or sharps handling kit, will help meet these requirements and increase the confidence of employees, knowing that you as the employer are dealing with the risk attached to biohazards and their control.

Supplied in grip seal bag, this kit contains:

- 1 x CM0620 Clean Up pack consisting of:
 - Instructions
 - Soft Vinyl Gloves (1 pair)
 - Polythene oversleeves (1 pair)
 - Polythene apron
 - Polypropylene scoop and scrape
 - Biohazard Bag
 - Non woven wipe
 - Disinfectant wipe

Plus

- 1 x 50ml disinfectant spray
- 1 x Super absorbent powder sachet (10g)

This one application kit is designed to deal with any single application to handle body fluids and can be bought singularly or in bulk as a refill for your kits or as a back up for large, multiple or continuing risks.
