DATASHEET

CELOX TRAINING GAUZE

- CELOX Training Gauze is made from exactly the same material as standard CELOX to ensure you get a truly realistic training experience.
- CELOX Gauze has highly effective Celox granules bonded on to the surface of a stable gauze which will not compact under pressure
- CELOX's unique, patented and natural formula, works independently of the body's normal clotting mechanisms to clot blood even where normal clotting is slow or impaired
- CELOX is made with chitosan. Chitosan is broken down by lysozyme, a human enzyme, to leave glucosamine, a sugar which is normally found in the body
- CELOX is suitable for severe high pressure bleeding, arterial & venous bleeding, bullet, blast, knife & shrapnel wounds, wound packing, applying through strong blood flows and application to all bleeding wounds
- Dimensions: 7.6cm x 5m
- Non Sterile
