## STAT TOURNIQUET NEON LIME

The S.T.A.T. (Smart Tactical Application Tourniquet) is the latest solution for mass casualty incidents and can be applied in just 5 seconds, significantly reducing blood loss from catastrophic bleeding.

Key product features:

- Rapid application & intuitive design
- Can be used on adults, children and dogs
- Fine tune application in millimeter increments
- Waterproof built in-timer (no battery required)
- Automatic self-locking mechanism
- Compact design & Molle compatible
- Latex free, single use
- CE marked
- Provides high pressure occlusion compared to other catastrophic bleeding tourniquets
- Pull hole assists application and can be used to hook multiple devices for mass casualty incidents
- Multi-functional - use to make splints, hold dressings in place, bind patient's limbs during transport, or carry equipment
