DATASHEET

CLINELL ALCOHOL WIPES

clinell®

- Great value, ultra-quick drying and highly effective alcohol wipes with a resealable flip top.
- Ultra-quick drying, smear-free disinfection wipes. High-quality 70% isopropyl alcohol kills 99.999% of pathogens on surfaces and non-invasive medical devices.
- Pharmaceutical grade isopropyl alcohol evaporates quickly so wipes leave no residue or smear, yet kill 99.999% of pathogens including MRSA, E. coli, Pseudomonas and Enterococcus.
- Wipes contain 25gsm non-woven spun bond, which is wetter and thicker than competing alcohol wipes, meaning fewer are needed to clean the same area.
