CORESHIELD SMOOTH NITRILE CUT E GLOVE SIZE 11

Honeywell

- CoreShield, 13 Gauge HPPE/basalt black liner, smooth nitrile black coating
- Enhanced cut resistance, comfort, ease of selection
- The washability of the glove material means that even after 5 washing cycles, there are no significant changes in performance or size.
Together, these factors mean that CoreShield™ gloves have a longer life
- Hand and wrist protection
- Touch screen resistive and capacitive
- All in one glove
- CoreShield gloves are certified to STANDARD 100 by OEKA-TEX
- Conforms to EN 388 4X42E
