

WORKMAN TRIPOD

- A maximum height line allows for a quick and simple to maximum tripod height without the need to count holes or guess where to insert the pins.
- Legs automatically lock in the open position for easy installation and safety, preventing leg collapse in the event the tripod is moved
- Accessories can attach to any leg for improved ease of use
- Aluminium leg and head design reduce weight and increase portability
- Leg base support strap converts to convenient carrying strap
- Certified to EN 795: 2012 Personal fall protection equipment. Anchor devices
