

MSA Workman Winch 15M Galvanised Cable

Product Code

MSA10153829

Available in Sizes

15M

Available in Colours

Black
MSA10153829

The rugged MSA Workman Winch has been designed for lifting, lowering, and positioning of personnel and materials. Furthermore, it allows for non-entry rescue of a confined space entrant when no aids such as rungs or conductors are available.

- Tripod pin connection fits directly onto the MSA Workman Tripod
- No additional bracket or tools for set-up required
- Level wind mechanism keeps cable evenly spooled on hub
- Built-in clutch prevents injury if worker becomes snagged
- Double braking system provides secondary protection
- Built-in energy absorber keeps forces below 6 kN
- RFID chip allows easy tracking of the device
- Up to 225Kg can be transported (maximum of 140Kg for personnel)
- Integral, ergonomic carrying grip and unique, foldable handle for simple storage
- Certified according to Machinery Directive 2006/42/EC, testing based on EN ISO 12100:2010 and EN 1496:2006 Class B
